## EDUCATION

MMIT

Computer Science Bachelor Of Engineering

CGPA: 8.0

Pune

July 2017 - June 2021

## EXPERIENCE

**Accenture | Custom Software Engineering Analyste**

Noida | October 2024 - Present

A Senior Java Developer with expertise in Spring Boot, microservices, and cloud technologies, responsible for designing, developing, and maintaining scalable applications. Key duties include performing code reviews, ensuring high-quality code, mentoring junior developers, and contributing to architectural decisions to optimize system performance and efficiency in a collaborative environment.

### Skills & Technologies Used:

- **Programming Languages:** Java, JavaScript, SQL
- **Frameworks & Libraries:** Spring Boot, Spring Cloud, Hibernate, JPA
- **Microservices:** Designing and implementing microservices architecture
- **APIs:** RESTful APIs, SOAP
- **Databases:** SQL (MySQL, PostgreSQL), NoSQL (MongoDB)
- **Containerization & Orchestration:** Docker, Kubernetes
- **CI/CD Tools:** Jenkins, GitLab CI
- **Version Control:** Git, GitHub, Bitbucket
- **Testing:** JUnit, Mockito, TestNG
- **Other Tools:** Maven, Gradle, RabbitMQ, Kafka

**Amdocs | Software Developer**

Gurugram | August 2021 - October 2024

**OMS (Ordering Management System):** Responsible for design, develop and debug the Ordering Management System tailored for the telecom industry, aimed at streamlining the process of handling customer orders from initiation to full-fillments. The system was designed to accommodate the complexities of telecom services provisioning, ensuring accuracy and efficiency throughout the order lifecycle.

### Technologies Used:

**Frontend:** HTML, CSS, JavaScript

**Backend:** Java, Spring Framework, Spring Boot

**Database:** Oracle, MongoDB

**Integration:** RESTful APIs, SOAP services

**Tools:** Maven, Perforce, Jenkins, Unix, WebLogic Server, Tomcat Server, GenAI, Github Co-pilot

**Others:** JIRA for project management, Agile methodology for development

## SKILLS

|                        |                                                             |
|------------------------|-------------------------------------------------------------|
| Programming Languages: | Java, Sql, JavaScript, Html, Css                            |
| Libraries/Frameworks:  | SpringBoot, MicroServices, React, Spring, SpringBatch       |
| Tools / Platforms:     | Git, BitBucket, Jenkins, Docker, Unix, STS, VsCode, Postman |
| Databases:             | SQL, MongoDB                                                |

## CERTIFICATIONS

- Java Springframework with Springboot - **Udemy**
- Java Certification - **Hackerrank**
